

FUMC Daycare Summer Camp

Join us for a summer full of faith, hands on fun, fellowship, new friends...
and that's just the beginning!

Junior Summer Camp

For children entering Kindergarten, we offer Junior Summer Camp packed with fun and adventure. Junior Summer Camp features special visitors and in-house quests. This camp does not include off-site field trips due to state transportation restrictions.

Summer Camp

Our Summer camps for children ages 5-10 years of age includes unforgettable field trips, in house visiting experts, and educational activities.

Here are just a few of our themes this Summer:

STEM science and engineering: Build a geodesic dome, a candy catapult, experiment with simple machines, or make casein plastic. We also create devices to filter our water, clean our environment and help animals.

Robotics: Build an Ecobot, learn basing coding, and learn to think like an engineer.

Cooking: We will enjoy a farm to table experience including juicing, dehydrating, and eating in season. Make a pizza with a chef from Fernanda's and more!

Art: Art is much more than just drawing. We create our own easels, looms, and experiment with multimedia. Your child will learn creative techniques including decoupage, muraling, sculpting, knitting, and EcoArt.

Gardening: Our campers will create their own garden, sprouthouse, greenhouse, and self-watering planter. When the harvest arrives, we will donate a portion of our produce to Manna and participate in a service project.

For an application, visit www.thomsonfumc.org/daycare, email daycare@thomsonfumc.org, or call 706-595-0403.

Designed for the interests of your camper. Safe, licensed and secure. Experienced educators and child care professionals. Fresh, nutritious meals and snacks provided.

No registration fee required!

Our Summer Camps will be offered from May 23 through August 3, 2018. Summer camp is \$100 weekly and includes meals, snacks, and supplies.
